

# HIGHLANDER HIGHWAY

The official newsletter of the Oak Hills Alumni & Educational Foundation

Volume X, Issue II  
May 2017

The Oak Hills Alumni & Educational Foundation will enhance the achievement, heritage and educational opportunities for Oak Hills students and staff by providing alumni and community resources to promote unity and pride, and build a legacy for a stronger community.

Dear Highlanders,

We are ending yet another successful school year for Oak Hills students! It is very satisfying, as well as rewarding, to see our Foundation continue to enhance the education of hundreds of students, creating superior learning experiences. Our donors and alumni have answered our call to action with your generous support. We are so proud of our Oak Hills students who are learning to be better citizens, building better communities and giving back more than we give.

The annual recognition dinner this year honored graduates Dr. Mary Arnold Long '77 and Dr. Jon Weller '96 as distinguished alumni. They both do us proud as Highlanders! The class of 1980 has reason for "double" pride as both distinguished staff honorees graduated from their class, Tracy Combs (Delshire Elementary) and Lynne Seaburn (Oakdale Elementary). Congratulations to all of our honorees!

The Oak Hills Alumni & Educational Foundation board continues to grow and expand our reach to both alumni and our community. Our board introduces two new members this year, Dr. Joni Vest '81 and Mr. Larry Welsh. We look forward to having these two talented people work with us.

The Foundation continues our mission to invest in our teachers who inspire our students. This year our educational grants went to support literacy programs, art, music and civic awareness. There is an emphasis in education for learning and encouraging careers in "STEM." This acronym stands for Science, Technology, Engineering and Mathematics. And we, the Foundation are all about this! We provided the financial assistance to send our engineering robotics team (yes, a team not played on a field!) to a regional competition. This team then advanced to the world competition! The Foundation can continue to support these programs with your participation. If you have a particular area of interest you would like to support we can help you with that!

There will continue to be "sweet music to our ears" coming from the Oak Hills elementary schools! The 2017 paddle call at our annual recognition dinner is being used to purchase greatly needed new musical instruments for our young musicians. Other projects rewarded by this annual paddle call at the recognition dinner have been Oakdale's Green Township Scottie Yard Playground and the renovation efforts of the OHHS auditorium. The funds raised by the genius of Bob Herzog '92 totaled nearly \$10,000 this year. Thanks all who answered our call.

We are continuing to improve our networking skills to the over 30,000 graduates. We need your help to stay connected. This Highlander Highway continues to post reunion news. Are you planning your class event, we can help! Our board member Jim Schubert '65 is available to offer advice and assistance with planning a reunion. We love to share news and updates about our graduates. What have you been up to since high school?

Next week we will welcome over 600 seniors to our Highlander alumni family. Congratulations Class of 2017!

On June 23 the SOLD OUT alumni golf outing will take place! Thanks for your support and have fun! In the meantime have a great summer.

Yours in red and black,

Cheryl Ann Sieve '67,  
Chairman, Oak Hills Alumni & Educational Foundation

## Welcome new Foundation board members!

### Joni Vest '81

Vest graduated from Oak Hills in 1981. She went on to pursue a Bachelor of Science in Biology from Northern Kentucky University and then later earned her medical degree from Wright State University. Initially Vest worked in an emergency department in Cedar Rapids Iowa for two years, and then returned home and worked for 15 years with a group of physicians that staffed the emergency departments of what is now St. Elizabeth Ft. Thomas and Florence. Vest retired in 2014.

### Larry Welsh

Welsh graduated from Taylor High School in 1970. He first attended the University of Cincinnati in Chemical and Nuclear Engineering. Music was an equal passion with science, causing him to rethink career goals, ultimately choosing Music Education and attending Miami University to receive a Bachelor of Music Degree.

Welsh served 35 years at Oak Hills Local Schools, as Director of Bands at OHHS. He retired from Oak Hills in 2015.

## Golf outing ~ SOLD OUT!

Due to an overwhelming response, the 2017 golf outing is officially SOLD OUT! If you'd like to have your name added to a waiting list should any team drop out, please email Emily at [buckley\\_e@ohlsd.org](mailto:buckley_e@ohlsd.org). We are still looking for sponsors and prize donations for our raffle baskets. If you have something to contribute, please contact Emily. We are so grateful for this year's major sponsors who will make this one of our best outings yet!

## Your donation dollars at work!

The end of the school year is finally here, and the Foundation's grant projects are still going strong. The fifth grade Dragons recently participated in a wearable art project! Each student designed their own tie-dyed t-shirt for field day. Not only will the students be able to express their individuality, they will also be easier to see for the parent volunteers. Projects and programs like this inspire creativity for our young students. To help make activities like this possible, please

consider a gift to the Foundation. To learn more or to donate visit our website [oakhillsalumniassociation.com](http://oakhillsalumniassociation.com). Thank you!

## We saved you a seat!

## Issue 11 passed ~ thank you!

"On behalf of the Oak Hills Board of Education, staff and students, we are extremely thankful to our community for their continued support," superintendent Jeff Brandt said. "This outcome would not have been possible without the strong commitment of our community."

"We are thankful that the community places such value in the benefits of a healthy Oak Hills School District," school board president Scott Bischoff commented. "We also understand the expectation of continued good stewardship and the delivery of high quality education that comes with passage of the levy."

"We appreciate the efforts of our levy committee and countless internal and external volunteers who assisted in the campaign," Brandt added. "As a result, we will continue to provide opportunities and experiences for all students and maintain our rich tradition of Excellence. We appreciate our community's trust as stewards of taxpayer dollars and we are excited about the future of the Oak Hills School District."

"We are extremely grateful to our levy committee and volunteers," Carly Horine, Citizen's Committee for Oak Hills Schools, shared. "They spent countless hours writing postcards to their neighbors, working polls on election day and updating our community on social media – and in every manner possible – about the importance of this levy."

## Auditor of State Award

We are pleased to share that, the Auditor of State Office presented our District the Auditor of State Award with Distinction. "Based upon your recently completed financial audit, it gives me great pleasure to inform you that the Oak Hills Local School District has received the Auditor of State Award with Distinction," Dave Yost, Auditor of State, commented. "Clean and accurate record-keeping are the foundation for good government and the taxpayers can take pride in the District's commitment to accountability."

### Dr. Mary Arnold Long '77

While at Oak Hills High School, Mary participated in concert choir, track, "It's Academic," "The Best of Oak Hills" and was a statistician for the varsity baseball team. Mary attended Milligan College in Tennessee for three semesters, then completed her BSN at the College of Mt. St. Joseph in Cincinnati in 1981. She worked 14 years for the Franciscan Health System, completing her MSN at the University of Cincinnati in 1993. Richard and Mary live on beautiful James Island, a barrier island adjacent to the Charleston peninsula. Carrie, Chelsea, Caitlin and five grandchildren remain in Ohio, but technology keeps them connected.

Mary is blessed to have the love and support of her husband, Richard Long; her parents, Jim and Gloria Arnold; her sister, Laura Arnold Hodge; and many friends and colleagues.

### Jon Weller, PhD '96

Jon Weller attended Bridgetown Junior High School and graduated from Oak Hills High School in 1996. He earned a bachelor's degree in Political Science from Xavier University, as well as a Master's degree and PhD from the University of Cincinnati.

Jon began working in Enrollment Management at the University of Cincinnati in 2000 and has run the International Admissions Office for the past 10 years. His team's efforts have helped the University of Cincinnati become a global destination for education while increasing international undergraduate enrollment from less than 200 students to over 1,300 during this time.

Jon has helped the University of Cincinnati gain national attention for its international enrollment success and he frequently presents at national and international conferences. He plays a significant role in UC's enrollment and international strategies and serves on various committees and task forces related to domestic enrollment, international enrollment and campus internationalization. He also created and implemented the Global Opportunity Scholarship program which reinvests a portion of international student tuition revenue into a small number of scholarships for academically gifted, but extremely financially challenged, international students.

In addition to his Enrollment Management responsibilities, Jon is an adjunct instructor in the Department of Organizational Leadership. He has created, and continues to teach, popular classes, such as the "How to Change the World" course that introduces students to major social and environmental issues throughout the world - and the organizations and individuals working to address them. He also leads a study abroad program to Peru through his "Changemakers: Lessons Learned through Travel in the Developing World" course.

Jon currently resides in Green Township with his wife, Sarah. They are the proud parents of three children. Their son, Jackson, is currently a student at Rapid Run Junior High School and their daughters, Maya and Elena, attend Our Lady of Lourdes School. Jon and Sarah's children have gained an early interest in learning about different people and cultures and are looking forward to their first international journey to China, this summer.
